System Manual

How to create a Gig

First go to home -> then Click on My gigs -> then you can see you created gigs. In here there is button on left hand top side "+Create Gig" Click on it.

After You must add

- **Basic Info**
  - Title
  - Subject
  - Price Per Hour (Rs)
- **Gig Description**
- **Gig Cover Photo**
- **Upload Multiple PDFs related to gig.**

Then Simply click on "create" button in bottom. If gig created successfully you can see the popup with success message.
